

iCloud

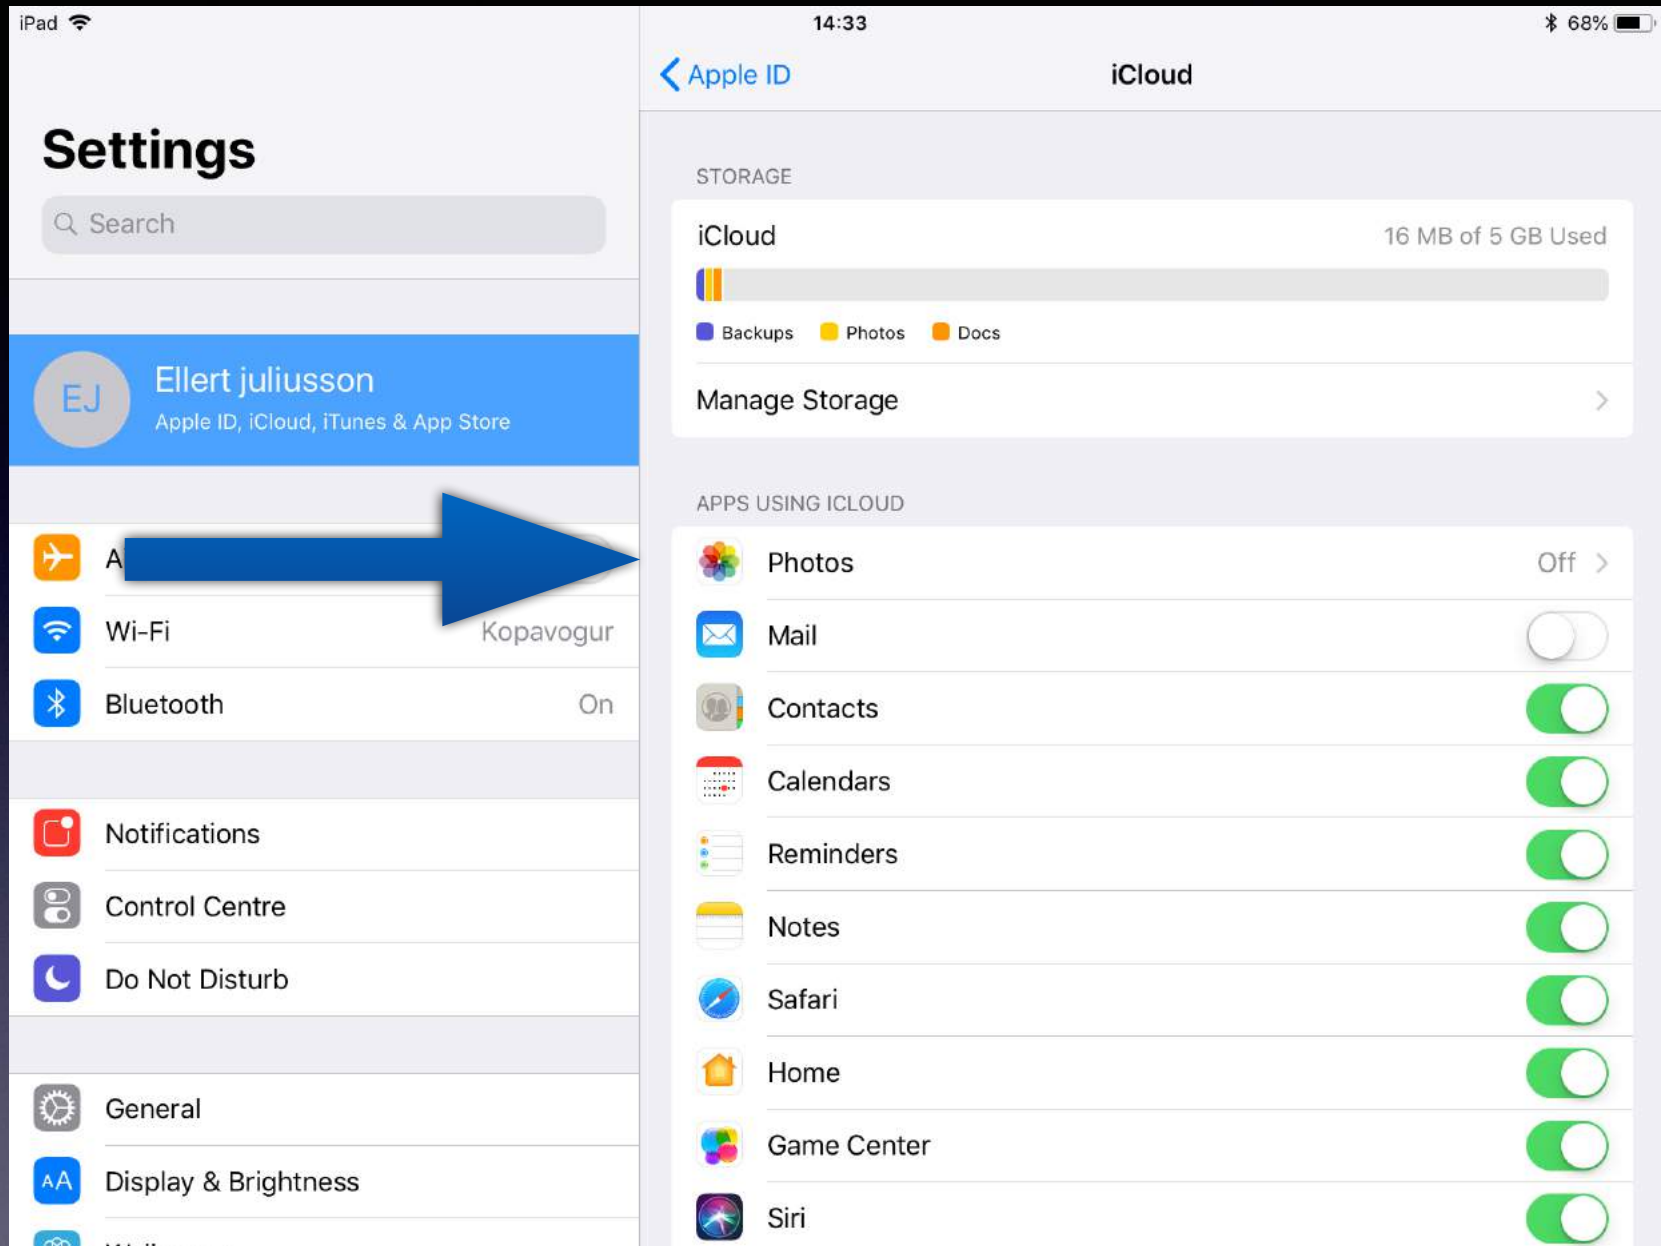

Leiðbeiningar um hvernig
aftengja má myndir í iCloud
og tengja við Google Photos

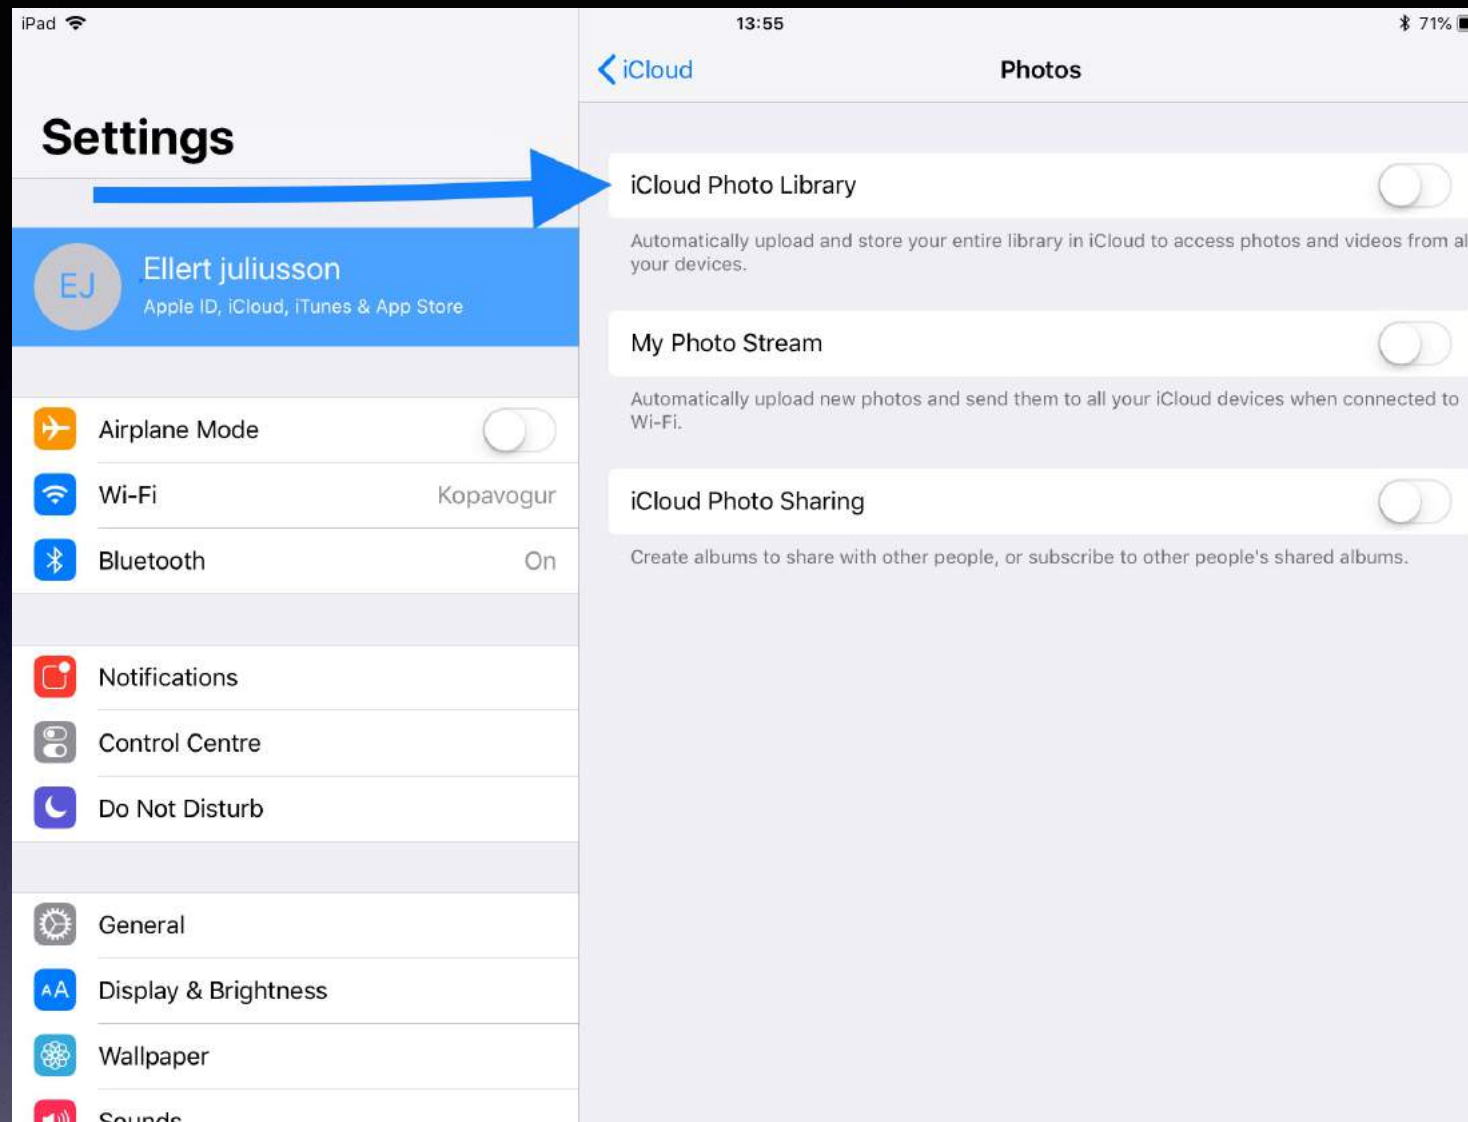

Fara í Settings og smella á notanda

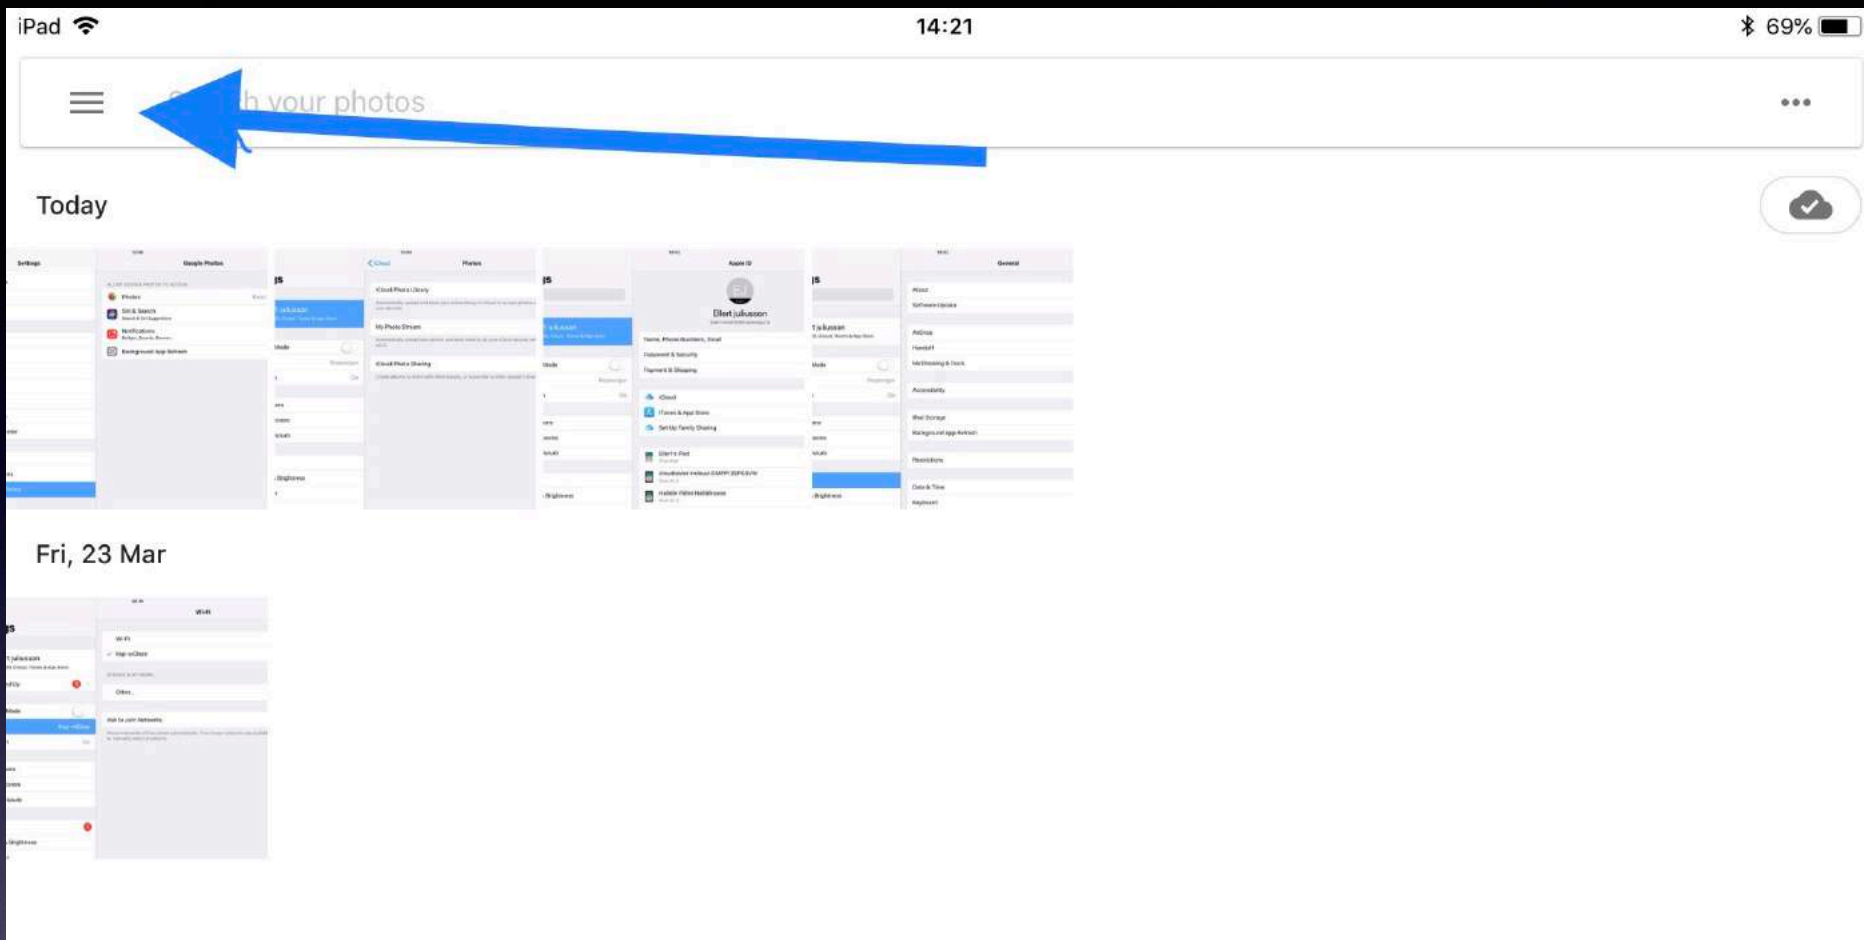

Velja iCloud

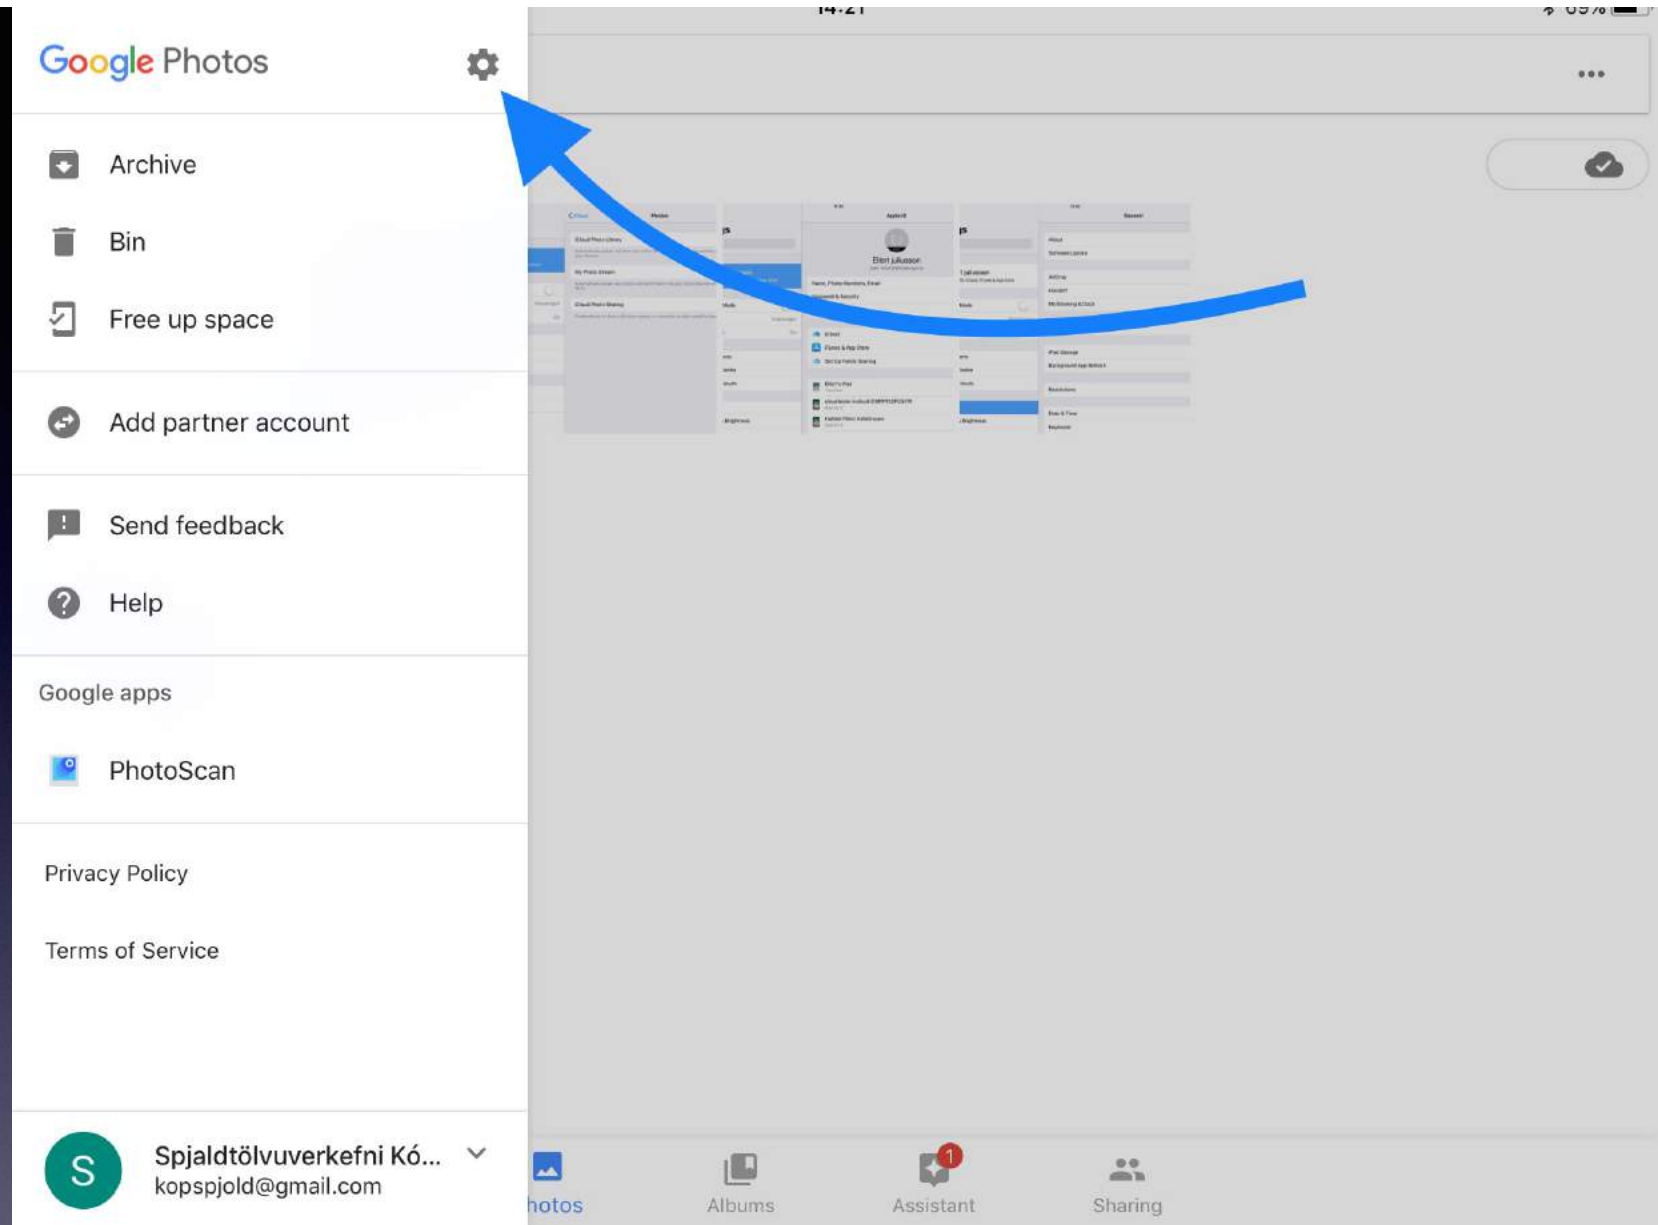

Velja Photos

Afhaka iCloud Photo Library
Þú ræður hvort þú hefur kveikt á My Photo
Stream. Það hefur ekki áhrif á plássið í iCloud.

Ef Google Photos appið er í spjaldtölvunni þá á það að taka sjálfkrafa afrit. Til að ganga úr skugga um það má opna appið og smella á strikin þrjú.

Smella á tannhjólíð

< Settings

Backup & sync

Backing up to kopspjold@gmail.com

Manage device storage

Clear space & manage app storage amount used on your device

Notifications
